

Be Wise!
Get your child fully immunized

RISE

WEEKLY BULLETIN AUGUST 14, 2020

Rapid Immunization Skill Enhancement (RISE) is a complementary capacity building package to strengthen the ongoing training of frontline health workers engaged in routine immunization under Universal Immunization Program of Government of India. This user-centric model optimally leverages the high technology (mobile phone, internet) penetration among the health workforce and effectively uses a digital training content supported by a face-to-face component of mentoring by supervisors. The digital part is primarily self-learning through an objective focused content based on adult learning principles that engages the learners through a variety of audio, animated visuals, reading and interactions like learning games and quizzes. It also has a provision of objectively assessing the learning and certification to make it more attractive to the learners. An open source Learning Management System (LMS) has been custom made to manage and deliver this digital content and provide a real-time monitoring dashboard which enables problem-solving and mentoring by supervisors. The dashboard is the basis of this weekly bulletin on RISE update.

Go-Live Dates

MODULE 1:
Immunization Schedule & Session Management
(MARCH 1, 2020)

MODULE 2:
Injection Safety & Vaccine Administration
(APRIL 1, 2020)

MODULE 3:
Principles of Cold Chain Management
(MAY 1, 2020)

MODULE 4:
Adverse Events Following Immunization
(JUNE 1, 2020)

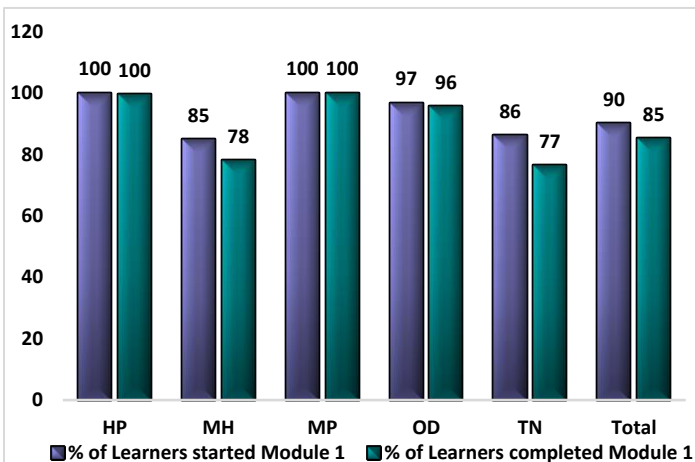

MODULE 5:
Communication to Tackle Vaccine Hesitancy
(JULY 08, 2020)

TOTAL NUMBER OF LEARNERS

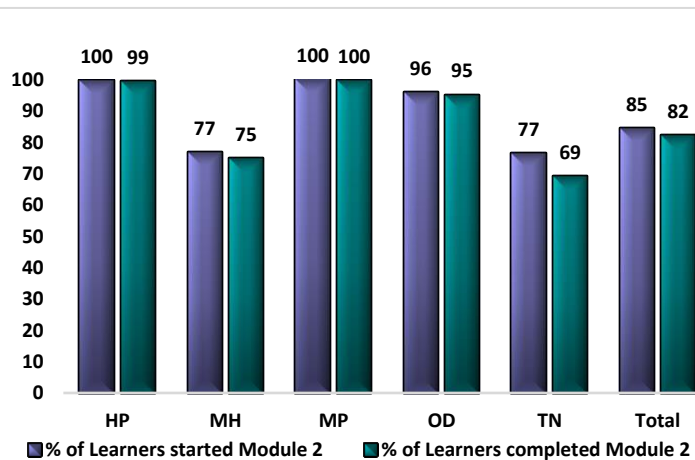

DISTRICT, STATE	NO. OF TARGET LEARNERS
SHIMLA, HIMACHAL PRADESH (HP)	285
PUNE, MAHARASHTRA (MH)	1182
BHOPAL, MADHYA PRADESH (MP)	258
KHORDHA, ODISHA (OD)	404
KANCHEEPURAM, TAMIL NADU (TN)	468
TOTAL	2597

PERCENTAGE OF LEARNERS – STARTED AND COMPLETED THE COURSE

MODULE 1

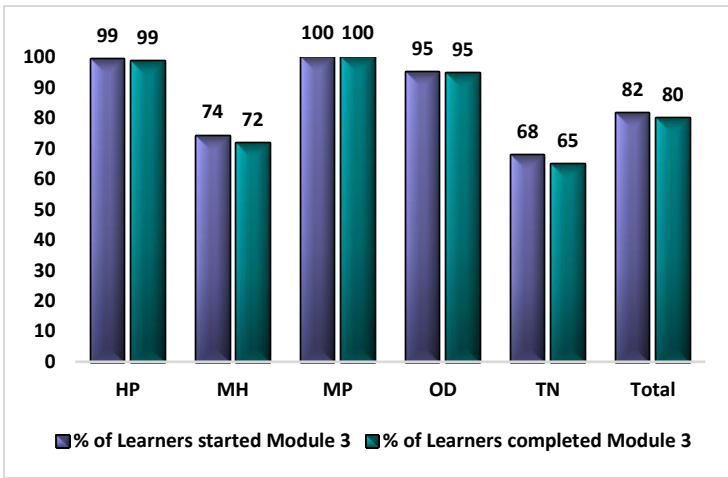

MODULE 2

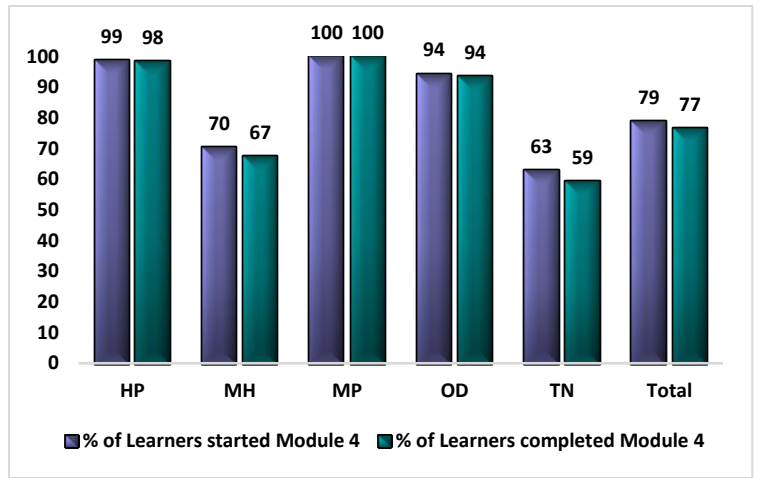

PERCENTAGE OF LEARNERS – STARTED AND COMPLETED THE COURSE

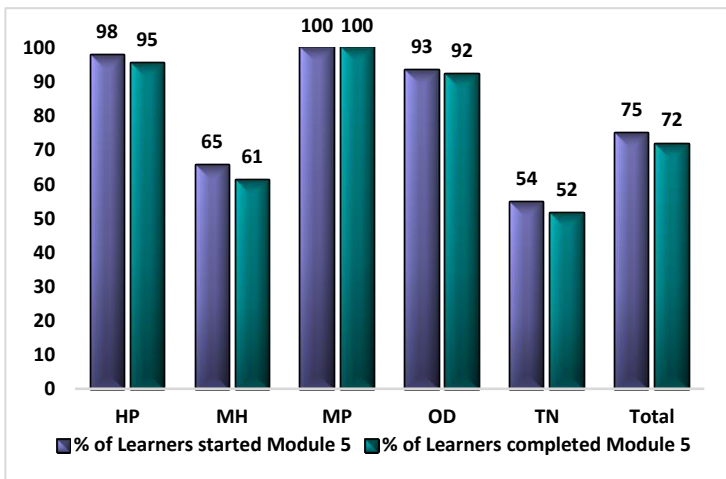

MODULE 3

MODULE 4

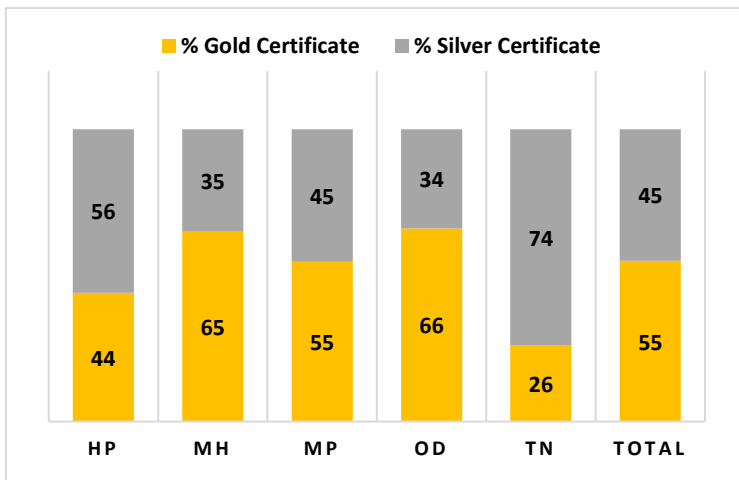

MODULE 5

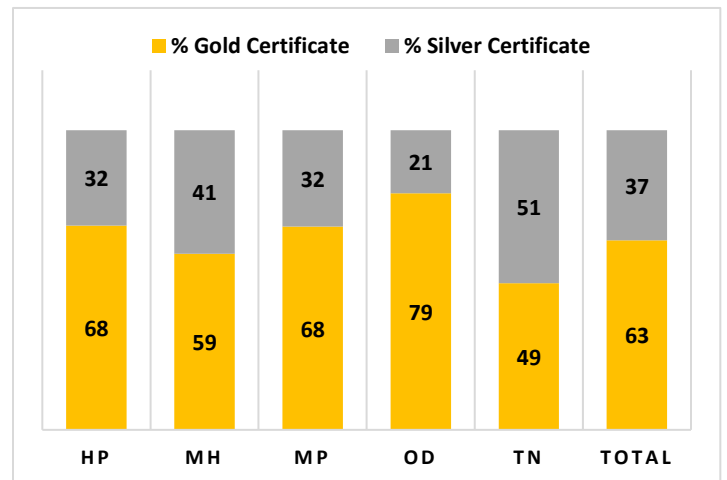

✓ 75% mark has been achieved in all the modules this week
 ✓ We observed some movement in all the modules this week and 20-25 learners have completed each of the modules during this week
 ✓ Marginal progress has been observed in Maharashtra and Tamil Nadu over last week, as both the states are trying to control COVID-19 situation

PERCENTAGE OF LEARNERS – TYPE OF CERTIFICATE GENERATED

MODULE 1

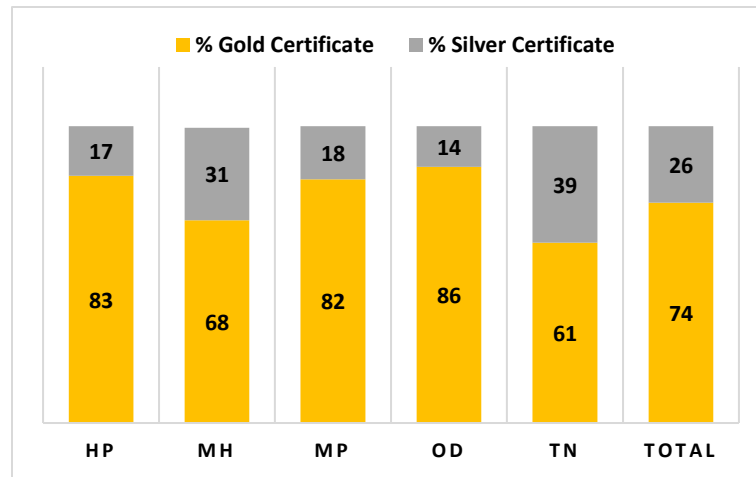

MODULE 2

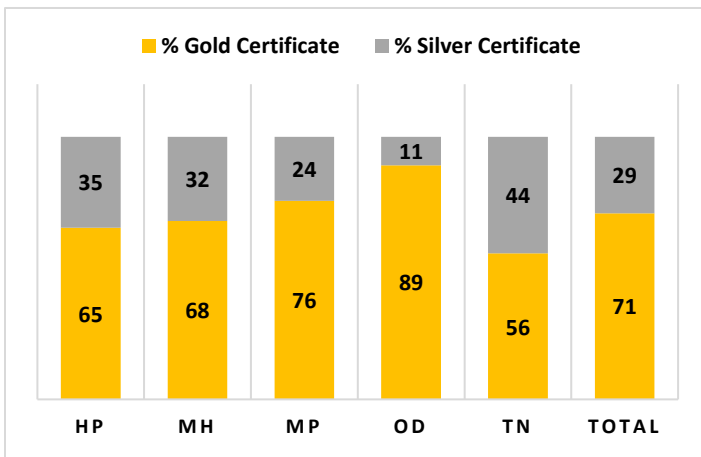

PERCENTAGE OF LEARNERS- TYPE OF CERTIFICATE GENERATED

Riveting Bytes

WhatsApp groups created at each block in the districts play vital role in dispensing two-ways communication and facilitate RISE learning. The learners in the groups not only share their joy of completing the modules but also find it a platform to resolve their queries, troubleshooting and give suggestions as well!!

“Can I review all the courses and take the pre and post assessment again in the app?” asked one ANM after completion of all the modules. The STO replied that she can review the courses as many times as she wants but cannot take pre and post assessment again. [Resolving problem through WhatsApp](#) (ANM, PMC, District Pune, Maharashtra)

“Sir, I am not able to find the completed courses in the app” posted by an ANM on WhatsApp after completion of Module 5. The STO, with an illustrative picture, replied that the completed courses can be seen in completed tab in the app. [Resolving problem through WhatsApp](#) (ANM, PMC, District Pune, Maharashtra)

An ANM posted “Sign in Error” on their respective WhatsApp group. The problem was resolved by the STO by resetting the password quickly. [Troubleshooting through WhatsApp](#). (ANM, Block Khed, District Pune, Maharashtra)

Highlights!!

- Madhya Pradesh has created a history with 100% completion in all the modules within stipulated time.
- 95% and above completion is observed in all modules in Himachal Pradesh and in 3 modules in Odisha
- Overall, highest benefit (knowledge gain) has been observed in Module 2, the most technical module “Injection safety and vaccine administration”
- Among the states, learners in Tamil Nadu have got the maximum benefit in terms of knowledge gain
- Overall, majority (2/3) of learners have earned gold certificate
- The proportion of gold certificate is highest in Odisha
- Majority (97%) of learners have completed the assessment in first attempt.
- The average completion time for the module reduced from 9 days in Module 1 to 2.5 days in Module 5.

“RISE” is a pleasant and practical knowledge tool

Tmt. S. Androse , Village Health Nurse (VHN)
Venkatesapuram, PHC Achrapakkam
Block Achrapakkam
District Chengalpattu, Tamil Nadu

Androse is serving the community with routine immunization activities since the past three years. She had received the training on the RISE app in the month of February 2020. Her prior experience as a private nurse has complemented her understanding of the importance of immunization among children and pregnant mothers. She had to work hard to manage her routine duties along with the COVID-19 surveillance, patient’s follow-ups and make time to complete the RISE modules. She performed all the responsibilities efficiently despite being pregnant herself. She left her toddler with her mother and moved to her service station alone, to serve the community without hindrance.

Despite juxtaposed responsibilities, she has completed all the 5 modules and has earned 4 Gold certificates. She has scored above 90% in post-test in three modules while in 2 modules she has scored 100 % and hence is named as “RISE Champion” in the district.

She stated that she used to check the application regularly for any updates or notifications. As soon as the module has been rolled out, she tried to complete it at the earliest.

According to her, **“RISE is a pleasant and practical knowledge tool and very useful in clarifying the doubts precisely”**
