RISE

WEEKLY BULLETIN JULY 24, 2020

Rapid Immunization Skill Enhancement (RISE) is a complementary capacity building package to strengthen the ongoing training of frontline health workers engaged in routine immunization under Universal Immunization Program of Government of India. This user-centric model optimally leverages the high technology (mobile phone, internet) penetration among the health workforce and effectively uses a digital training content supported by a face-to-face component of mentoring by supervisors. The digital part is primarily self-learning through an objective focused content based on adult learning principles that engages the learners through a variety of audio, animated visuals, reading and interactions like learning games and quizzes. It also has a provision of objectively assessing the learning and certification to make it more attractive to the learners. An open source Learning Management System (LMS) has been custom made to manage and deliver this digital content and provide a real-time monitoring dashboard which enables problem-solving and mentoring by supervisors. The dashboard is the basis of this weekly bulletin on RISE update.

Riveting Bytes

WhatsApp groups created at each block in the districts play vital role in dispensing two-ways communication and facilitate RISE learning. The learners in the groups not only share their joy of completing the modules but also find it a platform to resolve their queries, troubleshooting and give suggestions as well!!

One of the learners shared a screen showing that she could not progress for the past two days in Module 5. The query was resolved by STO showing where to click on the screen. **Resolving query through WhatsApp** (ANM, Block Nerwa, District Shimla, Himachal Pradesh)

One of the recently joined learners completed all five modules in just five days and received appreciation from DIO (shared by the appointed person). **Appreciation through WhatsApp** (DIO, District Bhopal, Madhya Pradesh)

“Where can I see the all chapters of all the modules once completed and received the certificates?” The query was resolved by the STO as he explained from where she can see the courses. **Resolving query through WhatsApp**. (ANM, Block Shirur, District Pune, Maharashtra)

Highlights!!

- Madhya Pradesh achieved 100 per cent completion in Module 4 this week.
- Odisha excels with maximum number of blocks (07) completed Module 5 and all modules followed by Himachal Pradesh (03) this week.
- Maharashtra showing consistent progress despite COVID-19 pandemic grappling the state.
- Overall, highest knowledge gain is seen in Module 2 while Tamil Nadu witnesses highest gain in Module 2 and 3.
- Highest gold certificates are observed in Module 3 and Module 5 and maximum bagged by Odisha.

Stories from Field

"RISE course helps in Revising Immunization Guidelines"

Ms Sujata A. Pawar
ANM, PMC- Late Premchand Oswal Dispensary
Pune Municipal Corporation, Pune

Sujata A. Pawar, an ANM from Pune Municipal Corporation is working since last 14 years. Her regular duties involve immunization and she always wants to excel in the field. When she came across RISE Training App, she indulged herself in the learnings and completed all 5 modules with Gold Certificates. Amid COVID-19 outbreak in Pune, she could complete all modules along with her regular work, additional responsibilities assigned under COVID-19 pandemic as well as family responsibilities. She didn't just stop by completing her modules, but also extended her support to other ANMs in overcoming problems while completion of courses in their respective smartphones.

According to her **"the best thing about RISE training is that it can be taken anywhere, even at home at one's own suitable time"**. She says **"RISE training helps in revising the immunization guidelines and identifying and correcting own mistakes. The way all topics are presented along with interactive quizzes and games have made learning a fun."**

Congratulations

100 % completion of "Module 5" & "All Modules" this Week
