Government of India

BULLETIN JANUARY 15, 2021

Go-Live Dates

MODULE 1:
Immunization Schedule & Session Management
(MARCH 1, 2020)

MODULE 2:
Injection Safety & Vaccine Administration
(APRIL 1, 2020)

MODULE 3:
Principles of Cold Chain Management
(MAY 1, 2020)

MODULE 4:
Adverse Events Following Immunization
(JUNE 1, 2020)

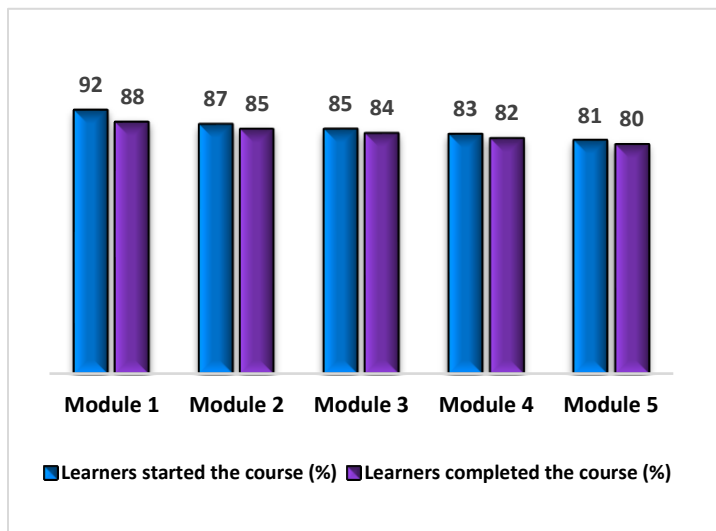

MODULE 5:
Communication to Tackle Vaccine Hesitancy
(JULY 08, 2020)

Rapid Immunization Skill Enhancement (RISE) is a complementary capacity building package to strengthen the ongoing training of frontline health workers engaged in routine immunization under Universal Immunization Program of Government of India. This user-centric model optimally leverages the high technology (mobile phone, internet) penetration among the health workforce and effectively uses a digital training content supported by a face-to-face component of mentoring by supervisors. The digital part is primarily self-learning through an objective focused content based on adult learning principles that engages the learners through a variety of audio, animated visuals, reading and interactions like learning games and quizzes. It also has a provision of objectively assessing the learning and certification to make it more attractive to the learners. An open-source Learning Management System (LMS) has been custom made to manage and deliver this digital content and provide a real-time monitoring dashboard which enables problem-solving and mentoring by supervisors. The dashboard is the basis of the bulletin on RISE updates.

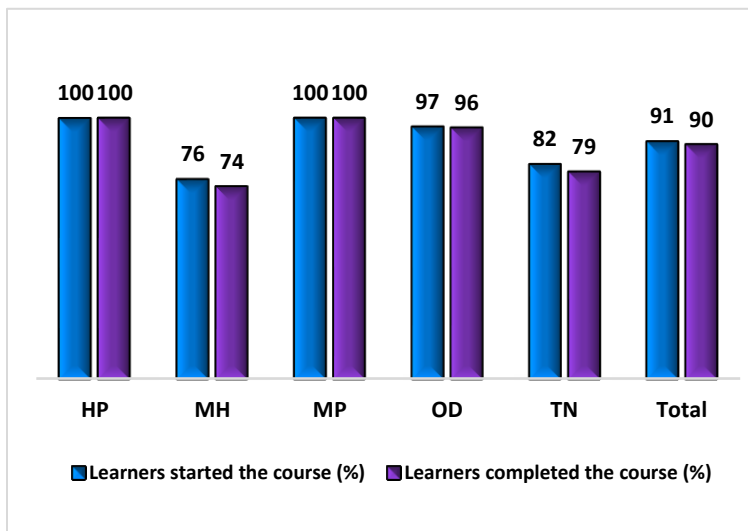

Total Number of Learners

District, State	Learners
Bhopal, Madhya Pradesh (MP)	258
Shimla, Himachal Pradesh (HP)	285
Khordha, Odisha (OD)	399
Kancheepuram, Tamil Nadu (TN)	473
Pune, Maharashtra (MH)	1183
Total	2598

COVERAGE (average of 5 states)- Module-wise

COVERAGE (average of 5 modules)- State-wise

MODULE-WISE PERCENTAGE OF USERS STARTED AND COMPLETED TRAINING

CERTIFICATION AND AVERAGE PRE AND POST TEST SCORES AT AGGREGATE LEVEL
